Purpose

Continued from Page 17

not live without, that if you had to live without life would be meaningless and empty?

What is most important for me is truth. Knowing the truth of my being, the truth in relationships, the truth of life. Truth is the big umbrella that holds everything for me. For others it may be wisdom, or oneness, but the word truth resonates with me.

When I leave this body I would like people to say he helped me find the truth, he was always truthful, he went for truth in his life. I want to live with truth, know truth and be a light of truth for others. Knowing that truth is the most important thing to me has given my day-to-day

actions direction and has facilitated me to get through day-to-day activities with more ease and consciousness. I ask my self through the day, "What is the truth here, the real truth?"

Originally a counselor/coach, Colby recognized that there was a power beyond traditional therapeutic methods that could shift what seemed unchangeable: the very core of a person. Through spiritual healing, Colby teaches participants to powerfully, magically reclaim their relationship to themselves and to life. He trains others to be their own teacher, to access spiritual states and to overcome blocks. To learn more about Colby, visit: www.HealThroughSpirit.com or call (206) 335-1180.

Extra-Celestials

Continued from Page 20

as they watch us play the game of life. What they really want us to do is "Lighten up," and be in joy! They're here to be our closest companions and advisors in every possible way. They can also completely change our health. All we have to do is ask. Ultimately their Light that they're aligning us with can serve not only to heal our human bodies, but to create our own vehicles for transport as well. I believe that the next human possibility they're here to offer us is teleportation, and how miraculous is that!

In August of last year, my relationship with the ECs took a dramatic turn when I began producing small golden pellets from my hands and feet while bathing in Wiltshire, England. Those emanations have now been replaced by crystal manifestations still appearing on an ongoing basis. And according to the ECs, I have become a carrier of their DNA for the purpose of scientific scrutiny.

These materials are now being studied by major laboratories, and may soon result in the discovery of other worldly substances that are the miraculous keys to human health. Water made

from these EC materials has resulted in the alleviation of a wide variety of human illnesses, and these findings must be followed up with more formal studies.

I believe that in the next few months, there will finally be disclosure of the truth of UFOs in the US. It is because of this that I believe these materials have been entrusted to a human, revealing the intended future collaboration between the ECs, Earthlings and the Earth's scientific community.

Always good to end lightly, "As most folks thought this would never be, best to keep it funny! Why does the Light Being cross the road? There are no roads. There are only high-ways!"

Nancy Burson's book *Lineage* serves as a connection to the *Extra Celestials (ECs)* as well as a primer for how to live with them. It's available on Amazon and barnesandnoble.com. For the latest photos and videos about the ECs, and the unfolding story of the materials that are being studied by leading astro-biologists, please go to www.nancyburson.com and view her video at www.videovillageonline.com.
