## It's just a buck a month

By Bonnie Taschler

What can you get for a buck these days? Not much, you say? What if I told you that, right now, 1.3 billion people on this planet live on less than one dollar a day?

Your response might be, "More people who have lots of money need to step up to the plate." But aren't we the ones who have "lots of money," by comparison? Aren't we the ones who can spare one dollar a month to create - together, in community - health, happiness and peace for all humanity? This is an invitation to step up to the plate.

We are the Earth Citizen Movement, founded by the president of the International Brain Education Association and spiritual leader, Ichi Lee. We embrace the truth that we need each other and we need this planet to be healthy in order to flourish; therefore, we are committed to an evolution in how we care for each other and for the earth. Established in the same spirit and with the same goals as the United Nations - peace and human dignity - we fully support the UN and its agenda.

Our seminal project is the One Dollar Project. We are looking for one hundred million people (less than two percent of the earth's population) who, as part of a caring community, will donate one dollar a month, for the express purpose of alleviating suffering, promoting health, and giving hope to people in crisis all over planet Earth. The

one-dollar donation to the not-for-profit International Brain Education Association (IBREA) will be used to foster the UN's Millennium Development Goals as they relate to three areas: education, health, and the environment.

Our first commitment is to Africa; to the Prevention of Mother to Child Transmission of HIV (PMTCT). This program will provide not only testing and treatment, but also education, mental health and vocational counseling.

Imagine what would happen if the "New Spirit Journal" readers' network reached out to members of their own networks who then reached out to theirs.... Soon we would reach 100 million people, each making a mature commitment to the guardianship of the planet by continuing their one-dollar-per-month contribution, each responsible for co-creating peace on earth. It will take roughly 100 million people to shift the consciousness of the planet. It can happen in our lifetime. Won't you help make it so?

See [IBREA.org](http://IBREA.org) or [iEarthCitizen.org](http://iEarthCitizen.org) for more information.

## NEW Spirit JOURNAL

**Article Deadline:**  
The first Friday of the month  
**Ad Deadline:**  
The second Saturday of each month for the following month's issue.

## LIBBY KRESKY, PH.D.

ASTROLOGER/COUNSELOR
