

## ASTROLOGY FOR LIVING

**Are you looking for a deeper insight into yourself?**

Astrology for Living is a good way to explore your Soul's Purpose, talents,

gifts, your highest potential and your greatest challenges. The planetary symbols reveal why you are here, what you came to do, and the timing for the unfolding of your life's journey.

Your Astrological Birth chart shows the way in which your early relationship with your parents is influencing you now. It indicates what part of this early conditioning still needs to be overcome. Your reading includes supportive information on relationships, preventive health, career, finances, spiritual growth and your coming year, allowing you to create a much more fulfilling life. Relocation information and compatibility are also available.

## MEDIUM AND ANIMAL INTUITIVE

Kim has always been able to "know" things that other people could not, although it wasn't until the death of her mother that Kim discovered the depth of her unique talent.

Because of the deep grief that she felt for the loss of her mom, Kim has dedicated her life to providing a way to help others overcome the grief caused by the death of a loved one. She has proven time and again that death is only a doorway to another world and that life indeed does continue after what we call death. Kim is a gifted medium, grief counselor and animal communicator. She has discovered the unique ability to feel and sense what the animal is feeling and is able to translate it into words. Kim has appeared on "Northwest Afternoon," "Martha Norwalk's Animal World," and "Kevin McDonald Presents" and has received rave reviews about her work.
